QUALITY MANUFACTURER OF WIRE & CABLE

Our products meet increasing performance standards, which demand high quality materials. Our advanced extrusion lines utilize the most modern extrusion systems and process controls available to date.

Our Quality Assurance Department is dedicated to ensuring that all products conform to strict quality standards set by UL, NEMA, ASTM and IEEE.

Customer Service at Performance Wire & Cable is geared for speed and responsiveness. Professionally qualified and experienced personnel meet the daily challenge of quick quotes, processing and shipping of orders.

Most orders ship in 1 week. (Depending on construction)
